STEP INTO PREP

2027 Prep transition Program

Badger Creek Primary school is excited to welcome our 2027 Prep students and their families to our school community. Beginning primary school is an exciting time and we want to best support your child to have a positive start to school.

Our Transition sessions play a vital role in creating a smooth transition from Kinder to school through familiarising children with the school environment, their teachers and other children.

At each transition session, while the children are in the classroom, families will have the opportunity to attend an information session to learn more about our school and how to best support your child's transition.
